Youth Ambassadors for Queer History

In May, the ONE Archives Foundation welcomed our first group of Youth Ambassadors for Queer History, a mentorship and professional training program for a core group of high school student leaders from the greater Los Angeles area.

Starting in August, students will meet bi-weekly over eight months for scholarly guest lectures, field trips to significant LGBTQ historical sites, and hands-on research projects as they document the histories of local LGBTQ communities of color. Their collective research will be shared nationally in schools and community organizations through a series of History Panels produced by the ONE Archives Foundation.

Citi Pride Network Southern California Welcomed at ONE Archives at the USC Libraries

On May 19, the ONE Archives Foundation was delighted to welcome Citi Pride Network Southern California for tours of ONE Archives at the USC Libraries, and a reception and panel discussion covering Los Angeles LGBTQ history. Thank you Citi Pride Network Southern California for visiting!
