We keep calling for
 accountability and
 reinstatement and a push
 for all of us to
 imagine a world where
 Black people are
 not policed, but
 instead supported
 and loved and
 scared for,
 where our families
 can feel safe and
 inspired and
 protected.

- Patrice O'Neal
 artist,
 abolitionist

You have to ask us
 if it were possible to
 radically transform
 the world, and you have
 to do it all the time.

- Angela Davis
 activist, educator
